

TQC Sheen Quadruplex 4-sided Applicators

Protecting
Product Integrity

TQC Sheen Quadruplex 4-Sided Applicators

The TQC Sheen Quadruplex 4-Sided Applicators have four application sides. This is so you can apply paint films with a choice of four different predefined gap sizes, and a film width of either 60 mm or 80 mm.

One side of the applicator features optional guidance support to help you achieve straight application, plus it comes with a convenient built-in sample reservoir.

In addition to the normal Quadruplex range, we also have a dual applicator option. It offers the capability for two layers in one applicator, providing the perfect solution for when you need to apply two samples at the same time.

We can also provide custom-made four-sided film applicators. These can be ordered to meet the sizes you require and support your specific coating testing needs.

Ideal for

Laboratories, Paint production, Coatings and paints application, Food.

Standards

ASTM D823

Features:

- Various sizes
- Custom options available
- Guidance support (removable) for straight application
- Features a built-in sample reservoir
- Calibration certificate
- Supplied in a protective case
- Easy-to-clean
- Compatible with TQC Sheen Automatic Film Applicators

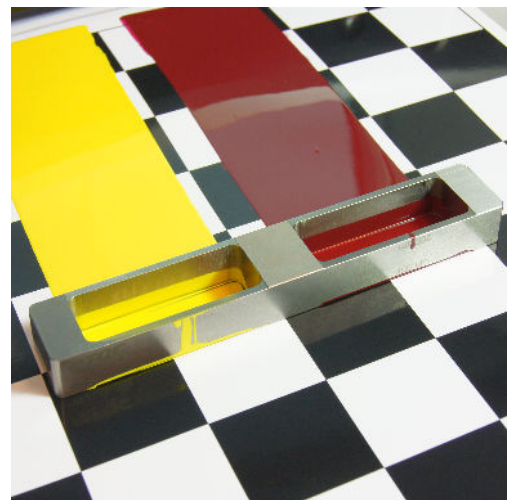

Technical Specification:

Material: Stainless Steel hardness HRC 55

Accuracy: +/- 2 µm

Surface treatment: Polished

Quadruplex Applicator:	Outer Dimensions:
60mm film width:	100 x 22 x 22 mm
80mm film width:	120 x 22 x 22 mm
Dual 60mm film width:	167 x 20 x 27 mm

Ordering information:

Quadruplex 4-sided Film Applicator

Gap Sizes	Film Width	
	60 mm	80 mm
15/30/60/90 μm	VF2168	VF2173
30/60/90/120 μm	VF2169	VF2174
50/100/150/200 μm	VF2170	VF2175
100/200/300/400 μm	VF2179 (Dual)	-
Custom μm	VF2167	VF2172
<i>*Max gap size 2000 μm</i>		

Note: We can offer bespoke sizes to meet your needs for 4-sided type film applicators. Please contact us directly for a quote.

Note: The total applicator width is the film width + 2 x 20 mm
